shower power

Forget about brass or stainless steel shower heads in a boring selection of round or square. iB Rubinetterie's Drop Series pure-silicone showerheads are turning heads because they look great in four bright colours with a giant raindrop shape and they're non-toxic, flexible, perfect for indoor or outdoor use and conserve water. Now that's cool design.

Available from Equip-Design Indonesia (Designer Bath Showroom) 11 Jl. Petitenget, No. 1B Kerobokan, Kuta-Bali www.equip-design.com

story of stuff

If you haven't yet seen it - watch **the story of stuff**. It's a 20-minute documentary that could change your life - about where all the stuff we buy comes from, and where it goes after we throw it away. We don't necessarily agree with all the claims and statistics used, however these are issues worth thinking about. www.storyofstuff.com

Deco Decor

We just love these old style 30s posters. They're an ideal wall decoration that says style and sophistication. These ones are from Tempo Doeloe a professional service with a stock library of original and repro images of sepia photos, lithographs and maps. Keep an eye out in antique shops and galleries. Bartele Gallery in Jakarta has a good selection of old maps too.

Go to: www.tempo-doeloe.com and www.bartele.com

Flower Fiesta

Running from November 18-22, the National Festival of Flowers and Plants promises to be a colourful horticultural bonanza. The yearly festival, held in Batam last year, will brighten the shores of Bali's Sanur beach at Jalan Pantai Matahari Terbit. This year is extra special as it merges the Sanur Village Festival and the Denpasar Horticultural Festival, into one perfect storm of festivals! Not to be missed.

For info about National Flora Week 2011 visit: www.balihorticulturefestival.com and www.gotosanur.com
